Our 14's - 18's club coaches are very eager to make sure every athlete who shows an interest in volleyball or school is assisted by our friendly and educated staff. Our objective is to place every player who comes to us with the desire

to continue their education and pursuing a volleyball career. We are all working towards the same goal. Each athlete that has had the desire to pursue their volleyball career, has been offered a scholarship.

### Fundraising

Fundraising is a great way for our athletes to help earn their part for playing Club Volleyball! Many times our athletes have earned all their money thru fundraising. With a little hard work and dedication, our players will be well on their way to help support their addiction for volleyball, by helping pay their own way. Our awesome fundraising Committee works hard to put together great bargains and money deals. It is sure to be another successful season for fundraising.
